Adtran Terminal Equipment

Some Comrex digital codecs requires external devices to connect to various types of digital circuits. Adtran is a major manufacturer of a wide range of ISDN Terminal Adapters and Switched 56, DDS, and T1 DSU/CSUs. These Adtran products are carried by most Comrex dealers. Cables to connect to these Adtran products are available through Comrex. See Document #226 for pinout information.

PRODUCT NAME	COMMENT
ADTRAN ISU128	TA with NT1 and Bonding - for Basic Rate Interface ISDN
ADTRAN 2x64	Dual port version of ISU 128 - for Basic Rate Interface ISDN
ADTRAN ISU512	3 BRI ISDN TA with NT1 and Bonding - to provide data rates up to 384 kb/s on three BRI ISDN lines.
