

## **Comrex To Release ACCESS MultiRack in 2019**

### *ACCESS MultiRack equal to five IP audio codecs in one box*

DEVENS, MA, Jan. 22nd, 2019 -- Comrex will soon release ACCESS MultiRack, a new rackmount IP audio multi-codec. ACCESS MultiRack occupies only 1RU, and it can handle up to five full-duplex IP audio connections simultaneously. Release is planned for the beginning of 2019.

The first codec features AES67 in addition to AES3 and standard analog I/O while the remaining codecs all utilize AES67 I/O. ACCESS MultiRack includes Comrex CrossLock technology, a proprietary suite of tools that solidify connections over IP networks. ACCESS MultiRack also features an easy-to-use web interface.

ACCESS MultiRack allows for five simultaneous full-duplex connections to ACCESS Portables (Classic, 2USB, and NX), ACCESS Racks (Classic and NX), and BRIC-Link (Classic and II) codecs as well as the FieldTap app.

Comrex debuted ACCESS MultiRack at NAB 2018. For more information, contact [info@comrex.com](mailto:info@comrex.com)

#### About Comrex

Comrex has designed and manufactured broadcast equipment since its incorporation in 1961. Since then, Comrex has consistently developed the most innovative technology to address the specific needs of broadcasters, and create products that enable broadcasters to produce live, local, imaginative remote programming. Comrex strives to provide a simple answer to a universal broadcast need - the transportation of high-quality media to the studio from virtually anywhere, economically, at a moment's notice. As methods of audio and video transportation evolve, Comrex works to develop technology that will allow broadcasters to easily achieve creative and entertaining programming, from diverse and unique locations.
