

Comrex is no longer able to repair CTA/LPQRA units as the manufacturer of the crystals used has gone out of business as of May 2017. We are sorry for any inconvenience.

Re: International Crystal MFG Closing Down

Dear Customers:

We are writing to inform you that International Crystal MFG is unfortunately going out of business. We will be honoring all orders that we have already taken and will be able to fill a limited amount of new orders dependent upon raw materials available. We are looking at the end of May but it may change dependent upon several factors i.e.: raw materials; facilities sold.

We would like to thank you for your past business. The success of ICM over the previous 66 years has been largely due to its amazing customer base. We have tried hard to make each one of our customers happy through exceptional customer services and reliable product.

Please do not hesitate to call us if there is anything we can do to help you through this difficult transition. (800) 725-1426
We apologize for any inconveniences that this may cause.

Best Regards,

International Crystal MFG
10 N Lee Ave
Oklahoma City, OK 73102
